EDUCATION

DIT University, Dehradun

2023 – 2027

B.Tech - Computer Science and Engineering - CGPA - 7.26

Dehradun, Uttarakhand

EXPERIENCE

Indian Institute Of Technology - Jammu

June 2025 – August 2025

Artificial Intelligence Intern

Jammu, Jammu & Kashmir

- Built AI powered automation tool Using OpenAI , APIs and n8n reducing human effort by 60%.
- Developed and deployed AI assistant including Telegram Chatbot, voice assistant and email assistant.
- Designed prompt driven agentic workflow for real world automation.
- Integrated Google Sheets, Gmail, SERP, Telegram API to deliver end to end automation solutions.
- Tested, and debugged AI prototype with strong mentor feedback on reliability and usability.

PROJECTS

AI Enhanced Due Diligence Analyzer [Live Demo](#) [GitHub](#)

September 2026

Python, Streamlit, Pandas, Scikit-learn, OpenAI API, PyMuPDF

- Developed an AI-powered due diligence platform that processes PDF, DOCX, TXT, CSV, and XLSX documents to automate financial analysis, business risk detection, and investigation.
- Engineered automated KPI analysis, risk scoring, customer concentration analysis, and cross-document inconsistency detection, with TF-IDF + cosine similarity retrieval for evidence-backed findings.
- Integrated OpenAI LLMs for evidence-grounded QA, risk summarization, recommendations, and report generation; deployed the Streamlit application with secure API secrets and tested end-to-end workflows using pytest.

Daily AI Newsletter | *n8n, OpenAI GPT -4 APT, HTTP, Gmail API, News API*

August 2025

- Built an automated AI newsletter using n8n and GPT - 4 to fetch and summarize daily news.
- Integrated API for real time news extraction and concise, readable summaries.
- Automated email delivery via Gmail API reducing manual effort and ensuring consistent daily updates.

TECHNICAL SKILLS

Programming: Python, Java, SQL

Machine Learning: Supervised & Unsupervised, Model Evaluation

Deep Learning: RNN, CNN, LSTM, Tensor flow

NLP & GenAI: LLMs, AI Agents, Transformers

APIs & Automation: OpenAI API, Gemini API, Gmail API, Telegram Bot API

Developer Tools: Git & GitHub, VS Code, Eclipse, Google Cloud Platform, Google Colab

Core CS: Data Structure & Algorithm, OOPs, DBMS, Operating System, Software Engineering

Cloud & AWS: IaaS, SaaS, PaaS, IAM Service, EC2 Service, EBS service, AMI Service, ELB service, ASG service, S3 Bucket, RDS Service, DynamoDB, Lambda Function, VPC

CERTIFICATIONS

- **Gen AI Academy** — Google Cloud x Hack2Skill
- **Machine Learning & Python Programming Internship** — Techkriti x IIT KANPUR
- **LLM & AI Agent Certificates** — Hugging Face & Deep Learning
- **NASA Space Apps Hackathon** — DIT University X IMS University
- **Claude 101** — Anthropic
- **AI Fluency : Framework & Foundation** — Anthropic

ACHIEVEMENTS

- **LeetCode Knight Level Contest Rating** — 1827 Top 7.23%
- **Solved 200+ DSA Problems on LeetCode**
